Pronunciation Guide:

xi = a *sh* sound, so Ningxia sounds like Ningshia
 zh = a *je* sound, so Zhejiang sounds like Jejiang
 qi = a *ch* sound, so Qinghai sounds like Chinghai
 a = are all soft, so *ahh* instead of *ay*

With all the Provinces, Autonomous Regions, Municipalities, and Special Administrative Regions to color, you will have to use some colors more than once. To avoid using the same color on adjacent provinces, color a province first, and then the circle ○ next to its name on this page. Do not color the little circles ● representing the province capitals on the map. Hong Kong and Macao may be too small to color in.
